FUTURES**

Knowledge forums for better practice

Join us
in-person in Port Moresby,
Papua New Guinea to
connect with colleagues to
network and join livestream
symposium sessions

REGISTER NOW!

With the support of Water for Women and WaterAid, we are pleased to announce a Symposium Hub in Port Moresby, Papua New Guinea. The Symposium Hub will live-stream sessions from the Water, WASH and Climate Virtual Symposium and provide opportunities for in-person networking.

COVID-19 has exacerbated WASH inequalities and hampered progress on the Sustainable Development Goals. The addition of climate change is further worsening these inequalities. We now need urgent attention to achieve water management and WASH (water supply, sanitation and hygiene) systems that are socially inclusive and resilient to, and mitigate, climate change. This means understanding, governing, and managing water holistically – applying integrated water management to connect WASH with water resources management (WRM).

Dates: **20th - 23rd June**
Price: **Free**
Location: **Hilton Hotel, Port Moresby**
Includes: **Catering & Internet Access**
