

WATER & WASH FUTURES 2023

Achieving SDG6 in a Changing Climate

TRADE
EXHIBITION
PROSPECTUS

EVENT OVERVIEW

13 - 17 FEBRUARY 2023

The Water and WASH Futures Conference 2023 is part of the Water and WASH Futures knowledge forums - a series of knowledge sharing and learning activities for practitioners and professionals in the international water supply, sanitation and hygiene (WASH) and water resource management (WRM) sectors. We also encourage and welcome participation by those working on water and WASH in connected sectors such as health, education, environment and climate change, agriculture and production, economic development, governance, GEDSI and finance.

Our long history of WASH Futures events, held in Australia or online for the Asia-Pacific region, has demonstrated the critical need for, and benefits that come from, bringing together professionals and practitioners to support exchange and exploration of ideas and experiences.

The Water and WASH Futures Conference 2023 will bring together WASH and WRM professionals and actors from connected sectors, to discuss the challenges facing the achievement of the Sustainable Development Goal (SDG) 6 targets, in the context of a changing climate. Not only are our weather and climatic systems changing, but so too is our society, as demographics and populations change, urbanisation increases, technology advances and water-use behaviours change.

We invite you to join us in Brisbane 13 - 17 February 2023 for the WASH Futures 2023 Trade Exhibition to promote your business' engagement and collaboration with the global Water and WASH community.

OPPORTUNITY TO SHARE

Water and WASH Futures 2023 provides a prime opportunity for your organisation to promote your involvement in the Water and WASH sectors to key stakeholders and target audiences by hosting a display during the two days of the conference (13 - 14 February 2023).

The benefits of your organisation of being involved are:

- Maximum exposure to world-renowned Water and WASH professionals to market your organisation
- Profile your message to a relevant audience
- Showcase your organisation and its product and services
- Combine all the elements of the promotional mix including advertising, public relations and sales promotion
- Network on a national and international level with industry leaders
- Create brand awareness
- Increased business potential

VENUE:

Brisbane Convention & Exhibition Centre

Water and WASH Futures 2023 will be held at the award-winning Brisbane Convention and Exhibition Centre located in the inner-city riverside precinct of South Bank, the city's cultural and entertainment hub. South Bank is a prime location in walking distance to the CBD and the Cultural Centre Busway. The Trade Exhibition will be held on the Plaza Level (pictured below) where delegates will gather during breaks and before/after sessions & plenaries, providing maximum exposure. South Brisbane Train Station is located adjacent to the Centre on Grey Street and offers direct Air Train service to the domestic and international airports. The South Bank Precinct also features cultural, entertainment, dining and shopping attractions including more than 50 restaurants and cafes. There are also various hotels directly next, and adjacent, to the Centre.

Trade Exhibition area, Plaza Level, Brisbane Convention & Exhibition Centre

BOOTH PACKAGE 13 - 14 FEBRUARY 2023

Display area: \$1750.00 (GST inclusive)

Each display area will include:

- A perimeter of 3 by 2 metres
- A trestle table and two chairs
- Acknowledgment in the delegation handbook including a promotional paragraph and contact information
- One exhibitor registration which includes morning teas, afternoon teas and lunches, and Conference dinner

Note: An upgrade to 2-day full conference registration ticket will be available at an additional fee of \$450 (please note: only one upgrade is available per booth package). This upgrade does not include access to the Training & Workshop days, a training registration ticket can be purchased separately.

There will be optional extras available in the package such as display racks for publications should your organisation wish to have this included in your package. Details of the extras available will be provided upon notification of a successful application.

CONFERENCE COMMITTEE

Water and WASH Futures 2023 is being hosted in Brisbane, Australia's only subtropical capital city and the heart of Australia's premier tourist region.

Water and WASH Futures is a partnership activity of the Australian Government Department of Foreign Affairs and Trade and the International WaterCentre at Griffith University. The Lead Partners for this conference are:

We also gratefully acknowledge sponsorship provided by the Australian Water Partnership

The committee overseeing the conference and its activities consists of the following organisations:

CONFERENCE ORGANISER

Dreamweavers Event Creators and Producers is the appointed Conference Organiser of Water and WASH Futures 2023. Please contact Chloe Wynne from Dreamweavers if you have any queries regarding the conference or your involvement.

Chloe Wynne, Dreamweavers
