## Water and WASH Futures - Conference Program

## Monday 13th February 2023

	Achieving SDG8 in a Changing Climate					Achieving about in a changing climate
0745-0900	Delegate Registration & Welcome Breakfast					
0900-1030	Opening Plenary					
	Welcomes: Carolyn Evans, Vice-Chancellor and President Professor of Griffith University, Hon Pat Conroy MP, Minister for International Development and the Pacific and Minister in Tiley, Australia's Ambassador for Climate Change					
	"A conversation on global water security and climate change", between Neeta Pokhrel, Asian Development Bank, and Saroj Jha, World Bank, with Conference Facilitator Clarissa Brocklehurst					
1030-1100	Morning Tea Break					
				D. GEDSI - from inclusion to transformation in water		
1100 - 1245	A. Tackling local water security and scarcity	B. Climate-resilient WASH in practice	and COVID19 world	management and WASH	F. Strengthening enabling environments	F. Strengthening enabling environments
Thematic		B1: Approaches to understanding and assessing climate change	C1: Improving hygiene for the most vulnerable	D1: Addressing vulnerabilities to leave no-one behind	F1: Urban governance processes to support climate resilient	F5: Doing things differently - novel approaches for building climate resilient WASH and WRM
session 1 Room		and WASH	P8	P9	water and sanitation	climate resilient WASH and WRM P11
	Gaetano Romano, Engineers Without Borders, Regina Souter, Jeremy Kohiltz, Institute for Sustainable Futures, UTS; Regina Gabrielle Halcrow, SNV, Hannah Barrowman, Australia Pacific Browyn Powell, International WaterCentre, Griffith University, Geoff Wilson, Asian Development Bank, Simon Tilleard, Alluvium, Geoff Wils					
	International WaterCentre, Griffith University, Shona Fitzgerald,	Souter, International WaterCentre, GU; Meredith Hickman, WaterAid Australia	Climate Partnership & Marcus Howard, Consultant	Manohara Khadka, International Water Management Institute, Alison Baker, Water for Women & Peta Mills, DFAT	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant
	Hond Bank				Constitution	Naomi Carrard, University of Technology, Sydney, Institute for
	r Shona Fitzgerald, World Bank	Brooke Yamakoshi, UNICEF	Gabrielle Halcrow, SNV	Alison Baker, Water for Women	Alexandra Conroy, Asian Development Bank	Sustainable Futures
Rappourteur	r Emily Eller, Water for Women	Samantha Kies-Ryan, Earth Water People	Thinley Dem, SNV	Sabitra Dhakal, SNV	Fraser Goff, WaterAid Australia	Chelsea Huggett, WaterAid
		Climate resilient urban sanitation: State of the evidence and a	Developing synergies for strengthening capacities and learning	Factors influencing the inclusion of GEDSI in country plans for WASH in HCF in the South East Asia Region with an Indonesia		
	Addressing increasing water scarcity in the Asia Pacific Region	collective learning agenda	in WASH behaviour change	case study	World Bank Utility of the Future Program	Failing better in the WASH sector
	Katharine Cross, Australian Water Partnership	Avni Kumar, Institute for Sustainable Futures, University of	Maria Tran, Asian Development Bank	Faustina Gomez, World Health Organization, Regional Office for	Ma Fiorella Fabella, World Bank	Dani Barrington, The University of Western Australia
		Technology Sydney		South East Asia & Indah Deviyanti, World Health Organization, Indonesia		
	Responding to water scarcity - policy comparative analysis	A practical tool to assess the climate resilience of WASH	Strengthening WASH Practices in Yap, Federated States of	Adapting Targeted Sanitation Subsidies for Climate Vulnerable	Building a viable governance model for peri-urban piped water	
	between Australia and the countries of the Mekong	programming	Micronesia	Households	supply in Papua New Guinea	Bringing partnership principles into practice
	Simon Tilleard, Alluvium	Tanvi Oza, WaterAid Australia	Dean Taylor, Southern Yap Water Authority	Tyler Kozole, International Development Enterprises (iDE)	Tim Davis, WaterAid Australia	Donna Leigh Holden, Water for Women
	The water use efficiency (WUE) in peri-urban and rural water		Hand hygiene campaigns: reflections from the Solomon and	Cambodia & Marlaina Ross, Causal Design Cambodia		System strengthening in action: Evaluation of the New Zealand
	supply systems based on socio and economic (SEC) factors	Ecosystems Based Adaptation support tool for the Pacific	Cook Islands	Transforming Gender Roles in Khyber Pakhtunkhwa Province	Building Resilient Sanitation Infrastructure to Sea Level Rise	Government Funded Vanuatu Water Sector Partnership
	Diana Carolina Callejas Moncaleano, Delft University of Technology	Tarika Gulati, Alluvium International	Bronwyn Powell & Ine Sosene, Asian Development Bank	Anwar Zeb, International Rescue Committee	Cindy Priadi, University of Indonesia	Lisa Faerua, GEDSI advisor, Vanuatu
	Tackling local water security with innovative technologies and	Monitoring Climate Resilient WASH services and community	Understanding the safe drinking water behaviors and effective	Leaving no-one behind: Menstrual Health for people with	Engaging with urban planning for climate-resilient WASH -	
	approaches.	resilience: are we ready?	means to improve these in Terai region of Nepal	intellectual disabilities	Melanesian informal settlements	Localisation for Transformation
	Dulce Soares, Similie	Juliet Willetts, University of Technology, Sydney, Institute for Sustainable Futures	Giri Raj Khatri, Welthungerhilfe	Chloe Morrison & Relvie Poilapa, World Vision Vanuatu	Camari Koto, University of the South Pacific & Rosie Sanderson, International WaterCentre	Wahyu Triwahyudi, Plan International Australia
		A framework for assessing the climate resilience of sanitation			National Framework for Integrated Urban Water Management in	Investing time during the scoping to build empathy and
		technologies			Indonesia	understanding of communities
		Ian Cunningham, Institute for Sustainable Futures, University of Technology Sydney			Irma Setiono, World Bank & Olivia Jensen, Institute for the Public Understanding of Risk, National University of Singapore	Mitch Horrocks, Engineers Without Borders Australia
		reciliology sydney			Orderstanding of Risk, National University of Singapore	
1245 - 1345	5		Lu	ınch		
			C. Improving hygiene practices in a climate-stressed	D. GEDSI - from inclusion to transformation in water management and WASH		
1345 - 1530	A. Tackling local water security and scarcity	B. Climate-resilient WASH in practice	and COVID19 world	management and WASH	F. Strengthening enabling environments	F. Strengthening enabling environments
Thematic	A2: Urban water and sanitation security in the face of climate	B2: Impacts of climate change on WASH and health	C2: Lessons from the COVID Pandemic for a climate resilient		F2: Governance models to support rural water supply and	F6: Institutional Reform and Partnerships, Supporting integrated
session 2		bz. Impacts of climate change on Whort and hearth	future		sanitation	WASH and WRM: Institutions, partnerships and systems
Room	P6 Gaetano Romano, Engineers Without Borders, Regina Souter,	P7	P8	P9	P10	P11
					Cooff Miles Andrew Providence Providence Tilled Albertan	
		Jeremy Kohlitz, Institute for Sustainable Futures, UTS; Regina Souter, International WaterCentre, GU; Meredith Hickman.	Gabrielle Halcrow, SNV, Hannah Barrowman, Australia Pacific Climate Partnership & Marcus Howard, Consultant	Bronwyn Powell, International WaterCentre, Griffith University, Manohara Khadka, International Water Management Institute.	Geoff Wilson, Asian Development Bank, Simon Tilleard, Alluvium, Sarah Ransom, Australian Water Partnership & Marcus Howard.	Geoff Wilson, Asian Development Bank, Simon Tilleard, Alluvium, Sarah Ransom, Australian Water Partnership & Marcus Howard.
	s International WaterCentre, Griffith University, Shona Fitzgerald, World Bank	Souter, International WaterCentre, GU; Meredith Hickman, WaterAid Australia	Climate Partnership & Marcus Howard, Consultant	Manohara Khadka, International Water Management Institute, Alison Baker, Water for Women & Peta Mills, DFAT	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant
	s International WaterCentre, Griffith University, Shona Fitzgerald, World Bank r Lala Fabella, World Bank	Souter, International WaterCentre, GU; Meredith Hickman, WaterAid Australia Penny Dutton, WASH Consultant	Climate Partnership & Marcus Howard, Consultant  Matthew Bond, Water for Women	Manohara Khadka, International Water Management Institute, Alison Baker, Water for Women & Peta Mills, DFAT Kate Walton, Asian Development Bank	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Michael Wilson, eWater Limited	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Tony Slatyer, Consultant on Water Policy and Governance
	s International WaterCentre, Griffith University, Shona Fitzgerald, World Bank r Lala Fabella, World Bank	Souter, International WaterCentre, GU; Meredith Hickman, WaterAid Australia	Climate Partnership & Marcus Howard, Consultant	Manohara Khadka, International Water Management Institute, Alison Baker, Water for Women & Peta Mills, DFAT	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant
	s International WaterCentre, Griffith University, Shona Fitzgerald, World Bank r Lala Fabella, World Bank	Souter, International WaterCentre, GU; Meredith Hickman, WaterAid Australia Penny Dutton, WASH Consultant Avni Kumar, Institute for Sustainable Futures, University of	Climate Partnership & Marcus Howard, Consultant  Matthew Bond, Water for Women	Manohara Khadka, International Water Management Institute, Alison Baker, Water for Women & Peta Mills, DFAT Kate Walton, Asian Development Bank Zahra Bolouri, Water for Women	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Michael Wilson, eWater Limited Katharine Cross, Australian Water Partnership	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Tony Slatyer, Consultant on Water Policy and Governance Alice Hawkins, Department of Foreign Affairs and Trade
	s International WaterCentre, Griffith University, Shona Fitzgerald, World Bank r Lala Fabella, World Bank	Souter, International WaterCentre, GU; Meredith Hickman, WaterAid Australia Penny Dutton, WASH Consultant Avni Kumar, Institute for Sustainable Futures, University of Technology Sydney	Climate Partnership & Marcus Howard, Consultant  Matthew Bond, Water for Women Raj Kumar, SNV Bhutan	Manohara Khadka, International Water Management Institute, Alison Baker, Water for Women & Peta Mills, DFAT Kate Walton, Asian Development Bank	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Michael Wilson, eWater Limited	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Tony Slatyer, Consultant on Water Policy and Governance Alice Hawkins, Department of Foreign Affairs and Trade
	International WaterCentre, Griffith University, Shona Fitzgerald, World Bank Lala Fabella, World Bank Simon Ross, University of Technology, Sydney, Institute for Sustainable Futures	Souter, International WaterCentre, GU; Meredith Hickman, WaterAid Australia Penny Dutton, WASH Consultant Avni Kumar, Institute for Sustainable Futures, University of	Climate Partnership & Marcus Howard, Consultant  Matthew Bond, Water for Women Raj Kumar, SNV Bhutan  Changing behaviours at scale in a pandemic in Indonesia Saniya Niska, SNV Netherlands Development Organisation,	Manohara Khadka, International Water Management Institute, Alison Baker, Water for Women & Peta Mills, DFAT Kate Walton, Asian Development Bank Zahra Boloun, Water for Women  Partnerships for Transformative Change: Guidance for WASH and Rights Holder Organisations Isobel Davis, Institute for Sustainable Futures, University of	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Michael Wilson, eWater Limited Katharine Cross, Australian Water Partnership  Experiences with regulation of rural water supply and its role in	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Tony Slatyer, Consultant on Water Policy and Governance Alice Hawkins, Department of Foreign Affairs and Trade
Rappourteur	international Water-Centre, Griffith University, Shona Fitzgerald, World Bank Verida Bank Simon Ross, University of Technology, Sydney, Institute for Sustainable Futures World Bank Water Secure Cities Program Shona Fitzgerald, World Bank	Souter, International WaterCentre, GU, Meredith Hckman, WaterAdd Australe, WaterAdd Australe, WasHe Consultant Avni Kumar, Institute for Sustainable Futures, University of Technology Systeey  City Wide Inclusive Sanitation Assessment of Port Vila Mark Ellery, UNICEF	Climate Partnership & Marcus Howard, Consultant Matthew Bond, Water for Women Raj Kumar, SNV Bhutan  Changing behaviours at scale in a pandemic in Indonesia Saniya Niska, SNV Netherlands Development Organisation, Indonesia	Manohara Khadka, International Water Management Institute, Alison Baker, Water for Women B. Peta Mills, DFAT Kate Walton, Asian Development Bank Zahra Bolouri, Water for Women  Partnerships for Transformative Change: Guidance for WASH and Rights Holder Organisations Isobel Davis, Institute for Sustainable Futures, University of Technology Sydney	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Michael Wilson, eWater Limited Katharine Cross, Australian Water Partnership Experiences with regulation of rural water supply and its role in formal	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Tony Slatyer, Consultant on Water Policy and Governance Alice Hawkins, Department of Foreign Affairs and Trade  Making the case for Equitable Water Resource Management Antoinette Kome, SNV Netherlands Development Organisation
Rappourteur	international WaterCentre, Griffith University, Shona Fitzgerald, World Bank Variot Bank Simon Ross, Luhiversity of Technology, Sydney, Institute for Sustainable Futures World Bank Water Secure Cities Program Shona Fitzgerald, World Bank Embedding Circularity in Urban Water Resources Management in Rajasthan (India)	Souter, International WaterCentre, GU, Meredith Hckman, WaterAdd Australa (Australa Australa Penny Dutton, WASH Consultant Avni Kumar, Institute for Sustainable Futures, University of Technology Systemy  City Wide Inclusive Sanitation Assessment of Port Vila Mark Ellery, UNICEF  Climate change and vector-borne diseases. A case study from Nepal	Climate Partnership & Marcus Howard, Consultant  Matthew Bond, Water for Women Raj Kumar, SNV Bhutan  Changing behaviours at scale in a pandemic in Indonesia Saniya Niska, SNV Netherlands Development Organisation, Indonesia Sustaining hygiene behaviour change during COVID-19 in garment factories of Cambodia	Manohara Khadka, International Water Management Institute, Alison Baker, Water for Women B. Peta Mills, DFAT Kate Walton, Asian Development Bank Zahra Bolouri, Water for Women  Partnerships for Transformative Change: Guidance for WASH and Rights Holder Organisations Isobel Davis, Institute for Sustainable Futures, University of Technology Sydney  Women's leadership in water management and WASH: experiences from Cambodia	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Michael Wilson, eWater Limited Katharine Cross, Australian Water Partnership  Experiences with regulation of rural water supply and its role in formalizing service delivery Harold Lockwood, Aguaconsult Federalizing Resilient WASH Services in Nepal: Intervention Experiences	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Tony Slatyer, Consultant on Water Policy and Governance Alice Hawkins, Department of Foreign Affairs and Trade  Making the case for Equitable Water Resource Management Antoinette Kome, SMN Netherlands Development Organisation  Applying best practice river basin planning in Lao PDR - Opportunities and lessons
Rappourteur	International WaterCentre, Griffith University, Shona Fitzgerald, World Bank F Laia Fabella, World Bank Simon Ross, University of Technology, Sydney, Institute for Sustainable Futures  World Bank Water Secure Cities Program Shona Fitzgerald, World Bank Embedding Circularity in Urban Water Resources Management in	Souter, International WaterCentre, GU; Meredith Hickman, WaterAid Australia Penny Dutton, WASH Consultant Avri Kumar, Institute for Sustainable Futures, University of Technology Sydney  City Wide Inclusive Sanitation Assessment of Port Vila Mark Ellery, UNICEF  Climate change and vector-borne diseases. A case study from	Climate Partnership & Marcus Howard, Consultant  Matthew Bond, Water for Women Raj Kumar, SNV Bhutan  Changing behaviours at scale in a pandemic in Indonesia Sanjya Niska, SNV Netherlands Development Organisation, Indonesia Sustaining hygiene behaviour change during COVID-19 in	Manohara Khadka, International Water Management Institute, Alison Baker, Water for Women & Peta Mills, DFAT Kate Walton, Asian Development Bank Zahra Boloun, Water for Women  Partnerships for Transformative Change: Guidance for WASH and Rights Holder Organisations Isobel Davis, Institute for Sustainable Futures, University of Technology Sydney Women's leadership in water management and WASH:	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Michael Wilson, eWater Limited Katharine Cross, Australian Water Partnership Experiences with regulation of rural water supply and its role in formalizing service delivery Harold Lockwood, Aguaconsult Federalizing Resilient WASH Services in Nepal: Intervention	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Tony Slatyer, Consultant on Water Policy and Governance Alice Hawkins, Department of Foreign Affairs and Trade  Making the case for Equitable Water Resource Management Antoinette Kome, SNV Netherlands Development Organisation Applying best practice river basin planning in Lao PDR -
Rappourteur	International WaterCentre, Griffith University, Shona Fitzgerald, World Bank Lala Fabella, World Bank Simon Rosa, University of Technology, Sydney, Institute for Sustainable Futures  World Bank Water Secure Cities Program Shona Fitzgerald, World Bank Embedding Circularity in Urban Water Resources Management in Rajasthan (India) Nutan Zarapkar, RTI International	Souter, International WaterCentre, GU, Meredith Hickman, WaterAid Australia Penny Dutton, WASH Consultant Avni Kumar, Institute for Sustainable Futures, University of Technology Sydney  City Wide Inclusive Sanitation Assessment of Port Vila Mark Ellery, UNICEF  Climate change and vector-borne diseases. A case study from Nepal Alexandra Conroy, Asian Development Bank	Climate Partnership & Marcus Howard, Consultant Matthew Bond, Water for Women Raj Kumar, SNV Bhutan  Changing behaviours at scale in a pandemic in Indonesia Saniya Niska, SNV Netherlands Development Organisation, Indonesia Sustaining hygiene behaviour change during COVID-19 in garment factories of Cambodia Sreyneang Teu, WaterAid Cambodia	Manofara Khadka, International Water Management Institute, Alison Baker, Vater for Women B. Peta Mills, DFAT Kate Walton, Asian Development Bank Zahra Bolouri, Water for Women  Partnerships for Transformative Change: Guidance for WASH and Rights Holder Organisations Isobel Davis, Institute for Sustainable Futures, University of Technology Sydney Women's Leadership in water management and WASH: experiences from Cambodia Doeurn Ton, WaterAld Cambodia	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Mchael Wilson, eWater Limited Katharine Cross, Australian Water Partnership Experiences with regulation of rural water supply and its role in formalizing service delivery Harold Lockwood, Aguaconsult Federalizing Resilient WASH Services in Nepal: Intervention Experiences Kamala, K.C., British Embassy Kathmandu	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Tony Slatyer, Consultant on Water Policy and Governance Alice Hawkins, Department of Foreign Affairs and Trade  Making the case for Equitable Water Resource Management Antoinette Kome, SMV Netherlands Development Organisation  Applying best practice river basin planning in Lao PDR - Opportunities and lessons Georgia Burkin, Alluvium
Rappourteur	International WaterCentre, Griffith University, Shona Fitzgerald, World Bank Laia Fabella, World Bank Simon Rosa, University of Technology, Sydney, Institute for Sustainable Futures  World Bank Water Secure Cities Program Shona Fitzgerald, World Bank Embedding Circularity in Urban Water Resources Management in Rajasthan (India) Nutan Zirapskar, RTI International  Direct Potable Reuse to address Climate Change and Water Security	Souter, International WetCentre, GU, Meredith Hckman, WaterAdd Australial enemy Dutton, WASH Consultant Avnt Kumar, Institute for Sustainable Futures, University of Technology Sydney  City Wide Inclusive Sanitation Assessment of Port Vila Mark Ellery, UNICEF  Climate change and vector-borne diseases. A case study from Nepal Alexandra Conroy, Asian Development Bank  Challenges of water and WASH services in Nepal in a changing climate	Climate Partnership & Marcus Howard, Consultant  Matthew Bond, Water for Women Raj Kumar, SNV Bhutan  Changing behaviours at scale in a pandemic in Indonesia Saniya Niska, SNV Netherlands Development Organisation, Indonesia Sustaining hygiene behaviour change during COVID-19 in garment factories of Cambodia Sreyneang Teu, WaterAid Cambodia Handwashing Stations in Cambodia: A response to COVID-19 Safe Hygiene Practices	Manofara Khadka, International Water Management Institute, Alison Baker, Vater for Women & Peta Mills, DFAT Kate Walton, Asian Development Bank Zahra Bolouri, Water for Women  Partnerships for Transformative Change: Guidance for WASH and Rights Holder Organisations Isobel Davis, Institute for Sustainable Futures, University of Technology Sydney Women's leadership in water management and WASH: experiences from Cambodia Docum Ton, WaterAid Cambodia Incorporating traditional cultural knowledge into water management in the Solomon Islands	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Michael Wilson, eWater Limited Katharine Cross, Australian Water Partnership  Experiences with regulation of rural water supply and its role in formalizing service delivery Harold Lockwood, Aguaconsult  Federalizing Resilient WASH Services in Nepal: Intervention Experiences Kamala, K.C., British Embassy Kathmandu  Polley context for managing risks of self-supplied water in Indonesia	Sarah Ransom, Australian Water Partnership & Marcus Howard, Consultant Tony Slatyer, Consultant on Water Policy and Governance Alice Hawkins, Department of Foreign Alfairs and Trade  Making the case for Equitable Water Resource Management Antoinette Kome, SMV Netherlands Development Organisation  Applying best practice river basin planning in Lao PDR - Opportunities and lessons Georgia Burkin, Alluvium  Developing inclusive WASH and Integrated Water Management frameworks for practitioners

## Water and WASH Futures - Conference Program

0830-10:00	Plenary Discussion Panel: how can regulators and service providers work together to respond to climate change? Gustavo Saltiel, Lead Water and Sanitation Specialist, The World Bank; Patrick Ty, Chief Regulator, Metropolitan Waterworks and Metropolitan Waterworks and Sewerage System (MWSS) Regulatory Office, Manila; and Tracey Slatter, Managing Director, Barwon Water, Victoria, Australia					
1000-1030	Morning Tea Break					
1030-1230		B. Climate-resilient WASH in practice	C. Improving hygiene practices in a climate-stressed and COVID19 world	D. GEDSI - from inclusion to transformation in water management and WASH	r E. Mitigating climate change through WASH and WRM	F. Strengthening enabling environments
Thematic session 3	A3: Linking community water security water cycles and catchments in the Pacific Islands	B3: Improving the climate-resilience of WASH & water supplies	C3: Lasting change for improved hygiene practices		E1: Mitigating climate change through WASH and water management	F3: Innovations in finance for water management and WASH
Room	P6	P7	P8	P9	P10	P11
Theme Leaders	Gaetano Romano, Engineers Without Borders, Regina Souter, International WaterCentre, Griffith University, Shona Fitzgerald,	Jeremy Kohlitz, Institute for Sustainable Futures, UTS; Regina Souter, International WaterCentre, GU; Meredith Hickman, WaterAid	Gabrielle Halcrow, SNV, Hannah Barrowman, Australia Pacific Climate Partnership & Marcus Howard, Consultant	Bronwyn Powell, International WaterCentre, Griffith University, Manohara Khadka, International Water Management Institute,	Meredith Hickman, WaterAid Australia, Isobel Davis, Consultant & David Hebblethwaite, The Pacific Community (SPC)	Geoff Wilson, Asian Development Bank, Simon Tilleard, Alluvium, Sarah Ransom, Australian Water Partnership & Marcus Howard,

WEDNESDAY				
Room	Duration / Timing	Title	Organisations	
ROOMA	Half Day (9am-12.30pm)	Starting with ourselves, teams and organisations - Assessing GEDSI transformation in WASH	Water for Women, SNV Netherlands Development Organisation, CBM Global Inclusion Advisory Group, Sanitation Learning Hub	
ROOMA	Half Day (1.30pm-5pm)	Improving disability rights outcomes in WASH system strengthening	CBM Global's Inclusion Advisory Group (Australia), WaterAid Australia, SNV Netherlands Development Organisation, World Vision Bangladesh, World Vision Vanuatu, Water for Women	
ROOMB	Full Day (9am-5pm)	Unpacking the realities of behaviour change interventions at scale	SNV Netherlands Development Organisation; International WaterCentre, London School Hygiene and Tropical Medicine, Upward Spiral	
ROOMC	Full Day (9am-5pm)	Assessment and Mitigation of Greenhouse Gas Emissions from Sanitation Systems - an Introduction	University of Leeds, University of Bristol, Institute for Sustainable Futures-UTS	
ROOM D	Half Day (9am-12.30pm)	Nature-based solutions for water security and WASH	International WaterCentre, Australian Rivers Institute (Griffith University), Institute for Sustainable Futures-UTS, WaterAid, Water for Women	
ROOM D	Half Day (1.30pm-5pm)	Advancing Systems Health approaches to achieve WASH and conservation goals	Wildlife Conservation Society, University of Sydney, Edith Cowan University, Fiji Centre for Communicable Disease Control, Fiji National University, WaterAid, University of Queensland	
ROOME	Full Day (9am-5pm)	Incorporating circular economy and resilience principles in the water sector	World Bank	
ROOM F	Full Day (9am-5pm)	Unpacking measurements to water security, equity and use by all	SNV Netherlands Development Organisation	

		THURSDAY			
Room	Duration	Title	Champion/Organisation		
ROOM A	Half Day (9am-12.30pm)	Pacific Feminist Movements : Sharing Lessons for Gender- Just Water and WASH Futures	Diverse Voices and Action (DIVA) for Equality, Soqosoqo Vakamarama i Taukei, Action Aid Vanuatu, Shifting the Power Coalition, Wateraid Australia, Qaqa Grassroots Young Feminist Network, Pacific Feminist Community of Practice		
ROOMA	Half Day (1.30pm-5pm)	WASH-GEM: A novel tool for measuring gender equality through WASH	Institute for Sustainable Futures-UTS, SNV Netherlands Development Organisation, iDE
